ELECTION blanks are now being sent prior to the election.

Mn R. G. Ross, under contract with the County Commissioners, and under instructiens from Commissioner Plack, who was appointed for that purpose, has just comleted a substantial bridge across Black River, from Point Caswell, on the east, to Caintuck, on the west bank. The new bridge is 250 feet long and 14 feet wide, with a 50 foot draw, and will prove a great convenience to the people of that portion of the county.

SAVANNAH, Oct. 2-1 P. M. E. Bryant, Deputy Collector for this port at-tempted to create a riot at the polls to-day. He was ordered off by the Deputy Sheriff, but per-sisted and attempted to draw a pistol, when he was struck over the head with a club by an ofmeer. He was taken off and is in confinement. MACON, Oct. 2. A fight occurred at the polls in this city to-day, growing out of another attempt of the negroes to take forcible possession of the polls-a bevice which they have successfully practiced here at the last three elections. Very early in he morning they massed at the City Hall and narched down to the polls, at the Court House, m column, under their Captains, Lieutenants Sergeants. There they found a smaller crowd, incically whites, and commenced crowding upon them and forcing them from the polis. A mass, and later a discharge of brickbats came rom the negroes, followed by an order from r leader. Jeff Long, to fire upon the whites In the course of a few seconds about fifty pisto shots were discharged from both sides, by which one white man was killed and some five or six negroes wounded, two of whom have since died The attack came from the negroes and these several facts are substantiated by numerou midavits before the venerable Judge Cole, of this Circuit, who was in the Court House, and imself a witness from a window that the negroes commenced the affray. After the affray, which lasted but a few mo ments, the bulk of the negroes lett in haste and hsorder, swearing that they would give up the election, as they had been driven from the or violence, and could get no chance to vote. They massed again at the City Hall, where

they were addressed by the Mayor, guaranteeing them perfect protection from a strong force f special police which had been sworn in for the day, with free access to the polls, but with ew exceptions they refused to vote, and many have gone home.

The whole of this deplorable affair is simply the result of ano her attempt by the negroes to carry this precinct by storm, and a firm purpose of the whites to prevent a repetition of the utrage. All is quiet at this time.
